DISCUSSION

The Petitioner's mother filed an appeal to contest the denial of speech/language therapy for her son. During the hearing, Petitioner's mother became upset and hung up. I can only conclude that she is no

longer contesting the denial of speech/language therapy, at this time. If I have misunderstood the situation, the Petitioner's mother is directed to the rehearing instructions below.

Before hanging up, Petitioner's mother indicated that her son's various therapists have been discussing treatment strategies. Petitioner's mother should note, that if anything has changed in terms of the proposed goals of therapy or treatment strategies, Petitioner's hospital therapist can, at any time, submit a new prior authorization request to the Department of Health Services / Forward Health, along with all supporting documentation.

CONCLUSIONS OF LAW

There is no longer any issue for determination by the Division of Hearings and Appeals.

THEREFORE, it is

ORDERED

That the petition is dismissed.
